KG Emergency Safety Instructions to Review at Home (Message to Parents For Online Schooling)

Assalam o Alaikum WW/ Greetings ,
Respected Parents/ Dear Students,

28th March'2026

As part of our safety education program, we are teaching our Kindergarten students simple emergency-procedure routines during online classes. These routines help children understand what to do during situations such as fire drills, lockdown drills, or stay-inside (shelter-in-place) drills when they return to school. Practicing these steps in a calm and positive way builds confidence and reduces fear.

We kindly request that you review these instructions with your child at home so they become familiar and comfortable with the language and expectations.

Your support at home helps children feel secure and prepared, and it strengthens the safety routines they will follow once they are back on campus. Thank you for working with us to build a safe and confident learning environment for our youngest students.

Best Regard,

Mr. Amjad Ali Sher
